Sabu –  
On the last call, Taim said that he just wanted the scenario that met the Scenic river standard at the Stateline. We never discussed what the other scenarios would be. I was under the impression that the report was to be based on just the Stateline condition.

Taim – If you want additional scenarios run .... And we did run many other combinations of reductions for OK, as we have discussed .... Let’s have a call to discuss, ASAP.

We’re running out of time with a March 27 ‘dropdead’ date ... and we still need to produce the report!  
Also, FYI – we are moving offices, Tues – Friday next week, so we might not be in a position to do a lot of work on this.

Hi Anurag,  
What is the status of 2<sup>nd</sup> and 3<sup>rd</sup> scenarios, now that the reduction for the AR reduction is changed to 72 from 75?

Regards,  
Sabu.
